Secretary Sherman has made another
call for the redemption of ten millions of
the five-twenty bonds of 1865, consols of
1867. It Sherman keeps on calling, he
will wipe out the six per cent. bonds dur-
ing 1879.

The New York Herald is authority for
the statement that the reception given, on
New Year's day by Henry Ward Beecher, was
more largely attended than that of
any other one in the country, excepting
possibly the President's. Thirteen hun-
dred persons called, shook hands, and
wished Mr. Beecher "a very happy New
Year."

It is said that Mr. Tilden is desirous of
going before the Potter Committee to clear
his shirt of the cipher disgrace, and per-
tinent thereto is the remark of the Boston
Traveler: "Unhappy Potter! He started
out to show how the Republican party
stole the Presidency, and finds himself re-
duced to the more modest task of giving
the Great Debauched a chance to prove an
alibi."

Mr. Dewees, Chairman of the Green-
back party of Pennsylvania, is mad be-
cause resumption has gone into effect. He
doesn't want it to work for the reason that
it will kill the Greenback party, and there-
fore he says he and his party will fight as
usual. He thinks by opposing resumption,
that gold can be driven out of the country,
money made scarce, and thereby renew
the cry for more greenbacks.

In 1878 there were only 2,920 miles of
railways constructed in the United States.
This however, is the largest number built
in any one year since 1873. Minnesota
built more miles than any State in the Union—
383—and Iowa comes next, having
built 255. The almost unhabited State of
Colorado constructed 193—more than New
York or Pennsylvania. New Jersey built
3 miles, Massachusetts 6, and Arkansas 7.
Wisconsin put in operation 89 miles of new
roads.

The New York Sun takes upon itself
the business of writing up the Mack mur-
der case, and the result of the trial. It first
informs the people that the murder was
committed in Janesville, and second that
the jury disagreed, owing to the implica-
tion of the chief witness for the prosecu-
tion. Then it goes on to say that Mack
was jealous of his wife, who flirted openly
with Dickerson, that one morning Mr.
Mack was found dead in the stable, under
the heels of a vicious horse, and that his
head had been kicked and stamped by the
brute.

An effort is being made to induce the
Democratic members of the Legislature
not to waste their strength by casting a
complimentary vote for one of their own
party, but to make it count by voting for
some candidate who will be supported by
a faction of the Republican members
which cannot vote for Mr. Keyes. The
Evening Wisconsin says that Joe Rankin,
the commander of the Democratic forces
in this State, is doing some mysterious
work among his brethren, with a view to
bring about this result. The Manitowish
Pilot, a Democratic paper, is backing Rankin
in this movement, and does not keep its
candle under a bushel. It wants Mr.
Carpenter for Senator, and urges the Dem-
ocrats to vote for him.

The Constitutional veterans who held
their first meeting last February, will hold
an adjourned meeting on the first Wednes-
day of February next. At that meeting
biographical sketches of the members will
be presented. These sketches will be
printed in book form and will be a valu-
able addition to the biographical history of
the State. The Secretaries of the last meet-
ing—H. A. Tenney and David Atwood—
give positive notice that in many cases no
information has been received upon which
to base a sketch of members. Circulars
have been sent to all surviving members,
asking for information, and to friends of
those deceased, so far as possible. It would
be a great favor to the Secretaries if these
circulars could be responded to at once, or
if any friend of a member of either Con-
vention would send them information in
regard to such members, whether living or
dead. Immediate information is very much
desired, that the work may be completed
at the proper time.

The thirty-second session of the Wis-
consin Legislature will convene on
Wednesday of this week at twelve
o'clock M. The caucuses will be held to-
night, when all the nominations for posi-
tions will be made. There is no doubt that
Mr. D. M. Kelly, of Green Bay, will be
elected Speaker. Of the names mentioned
for that office there is none more promi-
nent than that of Mr. Kelly. He is the
best qualified man for the position, having
a good voice, a dignified bearing, excel-
lent ability, and is very affable in manner.
His opponent, Mr. Carter, of
Grant, is a good lawyer, but
does not possess the marked qualifications
which especially fit Mr. Kelly. For the
other offices there are scores of candidates.
There are five candidates for Chief Clerk
of the Assembly—Mr. F. S. Lawrence, of
this city; E. W. Young, of Sauk; John E.
Eldred, of Milwaukee; W. M. Fogo, of
Richland, and D. C. Lamb, of Fond du
Lac. There is no doubt that Ingersoll, of
Beloit, will be Sergeant-at-Arms of the
Senate. He has good backing and the
chances are favorable for his success. Mr.
Bross, who was Chief Clerk of the Senate
for a portion of the session last winter,
will be re-elected without opposition. He is
an excellent officer and the Senators are
convinced that his superior cannot be
found. There are very many candidates
for other positions, but they are too nu-
merous to mention.

FROM MADISON.

Special to the Gazette.
MADISON, Jan. 8.—The mill that grinds
out the Legislative officers is working to
its fullest extent. The Park Hotel is filled
with a seething mass of office seekers, who
are roaring for preferment. At this writ-
ing the chances are decidedly in favor of
Kelley, of Green Bay, for Speaker. Should
this prediction prove correct, Mr. Carter,
his opponent, will doubtless be chairman
of the Judiciary Committee. Knight, of
Peplin, and Cover, of Grant, are striving
for Sergeant-at-Arms, with about equal
chances. The Chief Clerkship lies be-
tween John Eldred, of Milwaukee, and
William Fogo, of Richland, who are about
neck and neck, with Eldred as the favorite.
H. O. Field will be proof reader. For
other offices there are hosts of applicants
and it is hard to predict who will fill the
positions.

In the Senate the President pro-tempo-
rary lies between Senators Welch and
Price, either of whom would make a very
efficient officer.

Chas. E. Bross, the Chief Clerk of last
session, will be elected without opposition.
The contest for Sergeant-at-Arms is close
between Ingersoll and Brayton, with the
chances strongly in favor of the handsome
gentleman from Beloit.

The Republican caucus will be held to-
night when all speculations as to officers
will cease, and their calling and election
made sure.

Lieut.-Gov. Bingham arrived this morn-
ing and is looking extremely well.
The Senatorial question is the all-absorb-
ing one. Friends of Howe, Keyes and
Carpenter are all hard at work and all
equally sanguine of ultimate success, but
none make any figures. The headquarters
of each of the Senatorial aspirants are at
the Park Hotel, and are well patronized
by members and lobbyists.

MADISON, Wis., Jan. 7.—The Senatorial

GENERAL GRANT.

Enroute from Dublin to Londonderry
—His Welcome, and a Speech by the
General.

LONDON, Jan. 6.—The Herald corre-
spondent at Londonderry telegraphs as
follows:

General Grant spent Sunday at the Shel-
bourne Hotel, and quietly left Dublin at 8
o'clock this morning. Lord Mayor Barrington
taking leave of him at the railway
station. The morning was cold, and, as
the train progressed northward, ice, snow,
cold winds, and finally rain, were encoun-
tered. At Dundalk, Omagh, Strabane, and
other stations, there were large crowds as-
sembled, and the people cheered the ex-
President, putting their hands into the
cars and shaking hands with him whenever
possible.

At 2 o'clock the train reached Derry. A
heavy rain had covered the ground with
ice, rendering the view of the city and sur-
roundings most charming, as seen through
the mist and gossamer of snow. At the
station an immense crowd, apparently the
whole town and neighborhood, had assem-
bled. The multitude was held in check by
the police. The Mayor welcomed General
Grant cordially, and he left the station
amid great cheering.

The great majority of the crowd cheered
madly and followed General Grant's car-
riage to the hotel. The ships in the har-
bor were decorated with flags and stream-
ers, and the town was in a festive mood.
A remarkable cold, driving rain set in at 3 o'clock,
just as General Grant and his party drove
in state to the ancient Town Hall. The
crowd was so dense near the hall that
progress through it was made with great
difficulty. At the entrance of the building
the Mayor and Council, in their robes of
office, received the ex-President amid
many expressions of enthusiasm from
the people of Londonderry. General Grant then signed
the roll, thus making him an Ulster Irish-
man. He then made a brief address. He
said that no incident of his trip was more
pleasant than accepting citizenship at the
hands of the representatives of this ancient
and honored city, with whose history the
people of America were so familiar. He
regretted that his stay in Ireland would be
so brief.

The ex-President returned to his hotel,
making a short visit at the house of Con-
sul Livermore en route. A banquet has
been tendered to the General to-night at
which he will be present. He leaves for
Belfast at ten o'clock to-morrow morning.

It is also understood by a private tele-
gram from London that Minister Welch
has arranged a grand dinner and reception
for ex-President Grant and Minister Noyes
on Thursday afternoon next.

Presbyterian divine of this city, died sud-
denly this morning of heart disease. He
preached yesterday, and was apparently in

he desired to live to see the debt on his

result had just been reached.

SAD NEWS.

**Justice Hunt, of the United States
Supreme Court, Stricken with
Paralysis.**

WASHINGTON, Jan. 6.—It is learned to-
night that Justice Hunt, of the United
States Supreme Court, was stricken with
paralysis, at his residence in this city last
Saturday, and is now in such condition
that his recovery is despaired of. One
side is entirely paralyzed, and he is
to-night unable to talk. It is feared he
cannot live more than a few days, and ap-
proaches to death. He is the friend of
his intimate friends, who saw him to-day that
a fatal change in his condition may occur
within a comparatively few hours. The
fact of his very serious illness was not
known even to his associates on the bench
until this afternoon.

**Celebration of the Fiftieth Anniver-
sary of His Consecration to the
Priesthood.**

MILWAUKEE, Wis., Jan. 6.—Archbishop
Henni's fiftieth anniversary of his con-
secration to the priesthood will be made the
occasion of an imposing celebration on
the 10th of next month. Invitations have
been sent to every Bishop in the United
States, and among the eminent prelates to
be here will be the venerable Purcell, of
Cincinnati.

WORKS BOTH WAYS.

**A Virginia Colored Justice Sen-
tences a White Man to the Whip-
ping Post.**

WASHINGTON, D. C., Jan. 6.—The Vir-
ginia Democrats, in establishing the whip-
ping post as an instrument of terror to
keep negroes in order, overlooked the fact
that it might happen in some districts that
the colored people would have the major-
ity, and would refuse to be bulldozed.
This happened in Alexandria, Va.,
where a colored Justice of the Peace has
just sentenced a wealthy white man to be
whipped for petty larceny. The sentence
would have been carried into effect by a
colored constable, had not the case been
appealed. The case arises out of a dispute
as to the ownership of some land on the
Alexandria Canal, one of the parties
charging the other with stealing a lot of
ice of the value of ten cents. The colored

Justice found the white capitalist guilty of
petty larceny, and proposed to administer
to him the medicine the whites intended
for the colored people, and sentenced
him to be whipped. The case is now
pending on appeal.

BADLY FROZEN.

**A Milwaukee Merchant Wanders
About His Own Yard and is Se-
verely Frozen.**

MILWAUKEE, Jan. 6.—This morning the
family of Thomas Massey, the crockery
dealer, were appalled to find him almost
frozen to death in the yard of his residence,
on Greenbush street. He had left his bed
during the night on account of illness, and
had become unconscious in the yard, where
he lay for hours exposed to the temperature
several degrees below zero. In case he sur-
vives he will lose one hand and both feet.

UNDER THE WHEELS.

MILWAUKEE, Jan. 6.—At half past 3
o'clock this afternoon a brakeman named
William Callahan fell from a transfer
freight train on the Northern Division of
Chicago, Milwaukee & St. Paul Railway,
three miles this side of Schwartzburg, and
was instantly killed, two cars passing over
him. The parents of the deceased reside
in the northern part of this city. He was
30 years of age, and unmarried.

KILLED BY THE CARS.

OSHKOSH, Jan. 6.—Word has been re-
ceived here to the effect that the body of a
farmer named James Grace was found on
the track of the Northwestern railroad,
near Lake Shore Junction on Friday
morning. Both legs were crushed below
the knees and the body was frozen stiff.
Grace had been in Menasha the day before,
and it is supposed he attempted to board
the train for his home near the junction,
but fell under the wheels. Grace was a
widower and is said to be well off.

There is a good deal of suffering among
the poor people in New York on account
of the continued cold weather. The Board
of Aldermen have directed the Commis-
sioner of Charities to expend \$40,000 for
those who are in destitute circumstances.

WASHBURN OF ILLINOIS.

**Why He is the Strongest Man that
the Republican Party Could Nom-
inate for the President in 1880.**

From the New York Sun, January 2.
We have expressed the opinion that
Elihu B. Washburne is by far the strong-
est man that the Republican party could
nominate for President in 1880.

The reasons and circumstances which
center upon Mr. Washburne this excep-
tional distinction are plain and obvious.
His part in the political affairs of the coun-
try has been conspicuous. He was a mem-
ber of many successive Congresses, being
continually returned for the Galena Dis-
trict from the election of 1853 until that of
1863. The period of his services in the
House of Representatives includes the
most eventful years of our recent
history. First elected as an Anti-Slavery
Whig, he became a Republican on the for-
mation of that party, and has since remain-
ed a member of it. While the measures of
the Republican party always received his
support, he was especially noted as the
advocate of rigorous economy in the public
expenditures, and the constant and unspair-
ing foe of corporations, and especially of
the land-grant railroads in their relation to
the Treasury on the one hand, and to the
people on the other. He did not remember
a single case in which he did not strenu-
ously resist every outlay of the public
money which he could call unnecessary or
excessive; nor did he ever miss an oppor-
tunity of endeavoring to restrict the power
and curtail the profits of the great corpo-
rations to which we have referred.
The fact that by taking this
course he made himself very odious to
certain among his fellow-members of the
House, whose ideas and purposes were of
a different character from his, never cooled
his zeal nor diminished his vigilance. Dur-
ing the whole period he performed the
part of watch dog—the Treasury, never
appeased by any of the seductions and
blandishments which were directed
toward him and never letting go his hold.
He made himself sincerely hated by a
great many influential personages at the
time, but history has since vindicated him
and clearly understood how solidly the
facts we have recounted would re-
bound to his credit under the bright and
expanding lights of a Presidential cam-
paign.

From the House of Representatives Mr.
Washburne was transferred to the office of
Minister to France, and there layable
fortune continued to attend him.
When the War of 1870 broke out
between France and Germany and
the German Embassy was withdrawn
from the French Capital, the duty of car-
ing for German subjects residing in France
and unable to get away was confided by
Count Bismarck to Mr. Washburne. This
duty he performed in such a manner that,
while he remained popular among the
French, he gained the friendship of the
entire German people, so that, among the
vast number of Germans naturalized and
voting in this country, his nomination for
President would excite a degree of enthu-
siasm which could not possibly be called
out by any other candidate. Even the
most resolute Democrat of German origi-
n would have to make some effort to vote
against him on election day.

It is said the Republican machine in Il-
linois is organized against Washburne. But
by what provision of the Constitution does
the organization of a political machine in
any one State dispose of the Presidency
of the United States?
Have the Republicans any stronger can-
didate to offer?

A Stronous Kick.

Vicksburg (Miss.) Herald (Democrat).
We deem it our duty to inform our read-
ers that it is safest for the South to expect
nothing, no matter how the House is or-
ganized, and no matter how largely the
Senate is Democratic. It is the fixed policy
of all parties North to ignore the rights of
the South. The vote in the Senate against
the Southern Railroad to the Pacific Ocean
shows how Northern Democrats regard
that great enterprise; and all the signs
must convince us that the North is equally
opposed to the Government aiding to
reclaim the Mississippi Valley.
We had about by one party, and fonder
and deceived by the other, and graciously
permitted (yes permitted) to participate in
the election of a Northern President and
Vice-President. This is just the way

things will work so long as our leaders al-
low the Northern wing of the Democratic
party to consider us as bound hand and
foot to its fortunes. The South wants
War and the war-issues to be over, and, if
the South is wise, she can have them over
by acting independently of all party orga-
nizations that refuse to recognize fully the
equality of the Southern States in the
Union. At the present time there is no
party in this country bold enough to treat
Southern interests as it would Northern
interests.

AFTER 1880.

**What the Vote in the Senate will be
After the Next Presidential Elec-
tion.**

From the N. Y. Evening Post.
The United States Senate after the 4th
of next March will consist of forty-two
Democrats, thirty-three Republicans and
one (Davis of Illinois) Independent. As
Mr. Davis is likely to vote with the Dem-
ocrats on most questions, their majority
will be practically ten. The terms of
twenty-five Senators will expire on the
4th of March, 1881, and the question of
party advantage in that body will there-
fore come up again to be decided at the
election in 1880 together with the presi-
dency. It is interesting to note what the
probabilities of the contest will be.

Of the Senators whose terms will expire
in 1881 eleven are Republicans, namely,
Booth, of California, Hamlin, of Maine,
Dawes, of Massachusetts, Christianity, of
Michigan, McMillan, of Minnesota, Bruce,
of Mississippi, Pendock, of Nebraska, Shar-
pe, of Nevada, Burnside, of Rhode Island,
Edmonds, of Vermont, and Cameron, of
Wisconsin. Of these Bruce will certainly
be succeeded by a Democrat; the California
Senatorship may be considered somewhat
doubtful, while in all the other cases the
election of Republicans is pretty certain.
The Democratic Senators whose seats will
become vacant in 1881 are Estes, of Con-
necticut, Bayard, of Delaware, Jones, of
Florida, McDonald, of Indiana, Whyte, of
Maryland, Cockrell, of Missouri, Randolph,
of New Jersey, Kernan, of New York,
Thurman, of Ohio, Wallace, of Pennsylvania,
Bally, of Tennessee, Maxey, of Texas,
Withers, of Virginia, and Herford, of West
Virginia. If the Republicans shall be as
successful in 1880 as they have been this
year they will secure five of these Senator-
ships, namely, those from Connecticut,
New Jersey, New York, Ohio and Penn-
sylvania. But even if the Republicans lose
only one Senator (from Mississippi)
and gain the five above mentioned the
Democrats will still have a majority of two
(including Mr. Davis) count, who small
probability that the Republicans can gain
more than five Senators, so that the Dem-
ocrats are likely to retain control of the
Senate for at least two years after 1880,
even if the Republicans gain control
of the House of Representatives. A ma-
jority of two, however, which includes one
Independent, can scarcely be called a
working majority.

SALE OF SPENDTHRIFT.

**The Great Two-Year-Old Crack to
Go East.**
From the Louisville Courier-Journal, 3d.
Spendthrift, the great 2-year-old suc-
cess of last year, has, Kentuckians will
regret to learn, been purchased by an
Eastern gentleman. Upon the last day of
the old year, Mr. Dan Swigert, of Stock-
wood farm, Woodford county, who small
bred many fine horses, and chief among
them Spendthrift, who is by imported Aus-
tralian out of Aerolite, and a full brother
to the famous Fellowcraft, agreed to part
with his promising colt. Spendthrift has
been sought after for many months by
wealthy gentlemen in the East, but Mr.
Swigert has held on to him until now.
Bernard the sporting man who did so well
at the Fall meeting in Louisville, was
very anxious to buy Spendthrift, and
it is said James Gordon Bennett out-
bid several others by offering \$15,000 for
him. Mr. Swigert refused, however, and
the great colt, who is in \$20,000 worth of
stock for 1879, remained at Stockwood
until the 31st ultimo, when a purchaser ac-
cepted a proposition from Mr. C. W.
Bathgate, of Jerome Park, Fordham, N. Y.
The terms, we understand from a reliable
source, were \$15,000 cash and 25 per cent.
of Spendthrift's winnings in 1879. At
present this fine 2-year-old crack seems
much of the situation, having won all of
his first starts in 1878. If no accidents
happen, 25 per cent of his winnings will
bring his price up to \$25,000 or \$30,000.

Not a Republican Funeral.
New York Republican Advertiser (Rep.)
It is ridiculous to hear Democratic papers
inquire, "Why don't the Republicans ask
for a committee to investigate the cipher
disgrace?" A Democratic Investigating
Committee brought out the ciphers which
the Tribune gave to the public. It is for
Tilden and his Democratic friends to show
they are false, and that Marble, Smith,
Weed & Co. were not engaged in a con-
spiracy to cheat Hayes out of the Presi-
dency. It is not a Republican funeral.

Goodrich, of Davis Junction, Ill., and Fred Howe, of the Chicago & Pacific railroad, ate their New Year dinner here. —Oscar Cox, of Fulton, sold Smith & Co., last week, 41 live hogs of his own feeding that averaged 450 pounds. This is the best lot of live hogs that have ever been delivered in this market. The lot net Mr. Cox \$450.

—J. B. Davis, of Woodward, Faxon & Co., was yesterday married in Lawrence, Kansas, to Miss Lizzie Miller, and they arrived in this city last night. —Kansas City Daily Star.
The many Miltonians who are acquainted with him, and his hearty con-
gratulations and best wishes.
—Captain S. M. Bond, of Green Bay, ar-
rived in town Wednesday to visit his re-
latives and friends. Friend Bond is still in
charge of a passenger train on the Green
Bay and Minnesota road, and is looking
bale and hearty for a man who has been
having a delightful winter.
—Last week was a regular wood-de-
stroyer and chubbin builder.
—On Thursday morning at 11 o'clock
Prof. Lucius Heritage, late of the Univer-
sity of Leipzig, Germany, and Miss Ruth
G. Maxson, of this place, were united in
marriage. The ceremony took place at
the residence of the bride's mother, in this
village. State Superintendent Whitford

dent of the College, the instructor
of the high contracting parties, both of
whom are graduates of the Institution, the
bride graduating in the class of '70 and the
groom in that of '75. The wedding was
a quiet, unostentatious affair, the only
guest from abroad being Mrs. F. C. Max-
son, of Milwaukee. The numerous friends
of the happy couple tender them hearty
congratulations and best wishes for a hap-
py and prosperous future. Mr. and Mrs.
Heritage took the train Thursday afternoon
for a brief visit to friends in Illinois, but

church on Thursday Friday and Saturday

—The shipment of live hogs from this
station last week aggregated nine car loads.
Smith & Co. shipped six, and Williams &
Borden three. The market was very active
early in the week, owing to an advance in
Milwaukee, and our buyers took hold right
lively, prices ranging at \$2.10 to \$2.35, but
the advance was pretty much all lost at the
close of the week, and the range of prices
here was \$2.10 to \$2.25 for choice hogs.
Smith & Co. shipped the best lot during
the week that have been sent forward from
here at anytime in the history of the trade.
There were sixty of them that averaged
four hundred and forty-three pounds in
Milwaukee, and the packers pronounced
them the best drove delivered in Milwau-

meal will find him, the same jocular fellow
as ever.

kee, are in town.
—There will be no services next Sunday
evening. Due notice will be given when

during the cold weather.
—The New Year party given by E. C.
Johnson, of the Johnson House, was a
success. There were one hundred couples
present.
Origin of the Title "Hawkeye State."
Iowa received its title "Hawkeye State"
about 1839, when Judge Horner, of Bur-
lington, declared that that citizens of the

new Territory should have some agreeable
designation, wrote a series of news-
papers, under the general caption "A
Wolverine Among the Hawkeys," and
applied the latter name to the Iowa people
frequently throughout the articles. The
first one appeared in the Dubuque Visitor,
and in others in the several papers then pub-
lished in the Territory. As they contained
many allusions of prominent men and the
public officers of the Territory, they cre-
ated much interest, and the name "Haw-
keys" was ever after adopted to designate
the people of Iowa. Subsequently, Mr.
Edwards, who had been publishing at Bur-
lington a newspaper by another name,
changed its title to the Hawk-Eye, and it
was the progenitor of the present well
known daily journal.—Lancaster New Era.

A Joke on Senator Grover.
Senator Grover is the subject of a neat
little joke, which is pointed because it is
true. Last summer he was a member of
the special Indian commission, and was up
in Oregon with that party. They desired
to visit the camp of the Nez Perces Indi-
ans, and had telegraphed ahead along the
railroad for such transportation as would
convey the whole party. The assembling
of teams collected quite a crowd of people,
who thronged the depot, and gazed and
gazed upon the celebrities, without any
particular idea of what they meant to do
or who they were. Senator Grover is ex-
tremely dignified, and seldom speaks un-
less spoken to; but is remarkable for his
extreme politeness. He was walking up
and down the platform when his eye hap-
pened to fall upon a little shrew-headed,
ragged gamin. He paused in his walk near
the boy, and said:
"My son, may I ask you how far it is to
the camp of the Nez Perces?"
"Yes sir," promptly answered the boy
and then came to a full stop.
"How far is it?" asked the senator.
"Damn if I know," answered the boy
with perfect gravity.

BAPTIST CHURCH DOINGS.

selected as ushers. The financial report showed a very satisfactory condition of the society's pocketbook. The new rentals are fully one third more than last year, and everything indicates that the society is increasing in prosperity.

OAK HILL CEMETERY.

Annual Meeting and Election of the Stockholders and Trustees—A Good Showing.

The stockholders of the Oak Hill Cemetery Association held their annual meeting last evening, and listened to the twenty-seventh annual report of the Executive Committee of the Board of Trustees.

The report showed that the receipts of the year had been \$1,436.50, which added to the balance in the treasury at the beginning of last year, \$333.84, footed up \$1,770.34. The expenditures of the year were \$1,519.91, leaving a balance on hand January 1, 1879, \$250.43. The extra labor of the year was employed in removing old fences, and building new ones; clearing the grounds of old decayed and decaying trees; repairing and making roads; removing and burning brush, weeds and other rubbish; cutting grass from lots sold and unsold, and from the roads; re-erecting and righting up fallen and falling headstones and monuments. An exchange of about 225 lots was made with the city of Janesville, by which the Association has acquired lots in the central part of the grounds for an equal number given, situated in the south-west part.

The report included also a statement regarding the number of interments, and the ages of the deceased, which facts have been already published in the Gazette, the total number of interments being given as 112, of which 88 were from this city.

The report was signed by J. J. R. Pease, Lyman J. Barrows, J. C. Jenkins, and S. L. James, and was adopted by a unanimous vote.

The stockholders still further showed their approbation of the manner in which the affairs of the Association had been conducted, by re-electing as trustees for the next three years, L. J. Barrows, J. J. R. Pease, and S. L. James, their terms of office having expired.

Immediately on adjournment of the stockholders' meeting, the Board of Trustees met and elected the following officers: President—J. J. R. Pease. Secretary—L. J. Barrows. Treasurer—John C. Jenkins. Executive Committee—J. J. R. Pease, L. J. Barrows, John C. Jenkins, Volney Atwood, S. L. James.

The Association is financially in a prosperous condition, there being no debts to pay, and an unexpended balance of \$250.43 with which to start the new year. The grounds are being rapidly improved, and year by year are beautified in various ways. The affairs of the Association are being wisely and economically managed, and the greatest satisfaction exists.

THE REASONS WHY.

The Grounds on which Mrs. Mack Seeks a New Trial.

The affidavits filed to support the motion for a new trial in the case of Mrs. Belinda Mack, found guilty of murdering her husband, consist wholly of a volley fired at the jury. The affidavits set forth that some of the twelve were not so tried and true as was generally thought, and that at least three of them expressed opinions before the trial commenced, and were therefore prejudiced against Mrs. Mack.

Eric R. Haygen, of Plymouth, is one of the jurors referred to. An affidavit is given by A. S. Carver, of Plymouth, avowing that he heard Haygen say "on the ninth day of December, that 'in his opinion she was sure of Wsupun.'"

Calyin S. Crow, of Center, is another of the jurors attacked. Isaac Parker, a livery man in this city, makes an affidavit declaring that he heard Crow say that "Mrs. Mack and the hired man ought to be hung."

The third jurymen charged with a previous bias is Henry Phillips, of Plymouth. Cornelius Vankuren makes an affidavit to the effect that he heard Phillips talking about the Mack case, and heard him say in connection with it that "there ought to be hanging in this State." George McGooch also makes an affidavit in which he avows that Phillips said that "he would get on the jury," and also heard him say during a noon recess of Court, that "he had been examined by the Judge, but that the worst was to come from the lawyers."

The prosecution is preparing affidavits to rebut those statements, and is confident that when the papers are filed they will present a showing which will completely knock the bottom out from under all these allegations. It is not definitely settled as to what day the motion will be taken up and argued, but it will be sometime during the present week.

A ROCK COUNTY INVENTION.

Albert H. Fessenden, of the town of Porter, has secured by the agency of Attorney Sanford A. Hulson, of this city, letters patent for an important improvement in horse-power corn-planters. It has three wheels, and plants three rows at one passage, having a frame upon which the driver and operator is to ride, who, by means of a lever, opens and closes the dropper at the proper time. The object of the invention is to accomplish corn planting by means of a horse power that will plant three rows at a time with ease, certainty, and facility, preparing the earth for the seed, dropping and covering it at one passage, the machine being constructed so as to conform to uneven surfaces by the three principal wheels working in adjustable bearings independent of each other, carrying upon the frame one man as driver and operator, by whom the dropping of seed is controlled and the forward part of the machine raised and lowered at will, by means of a windlass device, to facilitate turning at the ends of the rows, and also transportation from field to field. A pumpkin-seed box or attachment is located at one side of the seed box upon the middle pair of longitudinal bars, and is operated in the same manner and by the same movement as the other seed boxes, only that it drops every

alternate hill. The pumpkin seeds pass to the earth with the corn, but are dropped in every third row only, and in every alternate hill in the row. The invention is a very important one and promises to be in great demand. The machines have been already thoroughly tested by being put into practical work and are found to be all that their inventor claims for them.

COUNCIL DOINGS.

A Very Quiet and Unimportant Meeting of the City's Guardians.

The regular semi-monthly meeting of the Common Council was convened at the City Hall last evening. His Hon. Mayor Norcross, in the chair, and all the Aldermen being present except Ald. Fitzgibbon, Henning, Lawrence and Vankirk.

The reading of the journal of the last meeting was dispensed with. The report of the Police Justice for the month of December was received and referred.

The December report of the Board of Education was received, referred to the Committee on Schools, and subsequently reported back as correct by Ald. Hutchinson, the Chairman. The report shows expenditures for the month of \$30.25.

Ald. McKinney, from the Finance Committee, reported back the December report of the City Treasurer as correct. Filed.

Ald. Davies, from the Judiciary Committee, reported that the bond of A. K. Curtis, constable elect for the Second Ward, was correct, and the sureties good. Approved. Further time was granted the Committee on Charter Amendments to make their report.

Ald. McKinney, from the Finance Committee, reported in favor of allowing a few miscellaneous bills. Adopted.

On motion of Ald. Davies, the Aldermen of the First Ward were authorized to clear the sidewalk of ice at the "town pump."

On motion of Ald. McKinney, the Chairman of the Highway, Street and Bridge Committee was instructed to clear the sidewalks on the bridges of ice, and such other places as seemed to him dangerous.

The Marshal was directed to enforce the ordinance against the deposit of ashes in the streets.

The Council adjourned.

A SAW-RY ACCIDENT.

A bad accident occurred in Carpenter & Gowdy's wood-yard yesterday. One of their employees, a young man named I. P. McLaughlin, was at work at the power saw, when a stick caught and his right hand was thrown against the saw, the teeth of which quickly tore a bad gash almost severing his thumb, and mutilating one of his fingers. The wound was speedily cared for, and it is thought that his thumb and finger will be saved, though his hand will never probably be in first class shape again. Mr. McLaughlin is a married man with three children, so that the accident proves to him a serious matter as it involves much loss of time.

A CHINA WEDDING.

Last Monday afternoon the residence of Mr. and Mrs. Silas Ward, in the town of Janesville, was the scene of a very interesting affair, being the celebration of the 20th anniversary of their wedding day. The friends and neighbors gathered together from the East and from the West, from the North and from the South, to extend to them the congratulations for the happy years of the past and to wish them many happy years in the future. After the usual ceremony being performed the large company adjourned to the dining room to partake of a bountiful repast prepared by the hostess. The viands were such as would tickle the palate of the most dainty. Following this was the presentation of a goodly number of costly presents, among which may be mentioned the following: A full tea set by the neighbors of the town of Fulton; full china chamber set, by the friends of the town of Janesville; silver cake stand, by Mr. and Mrs. E. Lyon, and Mr. and Mrs. H. Upton; one set of silver knives, by Mr. and Mrs. O. Lyon; china and glass bread plate, by Mr. and Mrs. Elgar Page; tea and cup and saucer, by O. Lyon, and Mrs. Ward; china match safe, by Miss Ada Walrath; wine set, by Mr. and Mrs. Showers and family; moustache cup and saucer, by Isaac Miles; fruit dish, by Mrs. Marshall Jones; vases, by Mr. and Mrs. D. B. Wixom; butter dish, by Ida E. Warner; tureen, by Mrs. M. A. Warner; china tea pitcher, by M. Pratt; pair glass candle stands, by H. Warner. In the evening the young people assembled at the residence to celebrate the wedding by a social dance, which they kept up till the wee small hours of the morning, when all took their departure, feeling that in all respects, the wedding was one grand success.

THE SUNDAY SPIRITS.

To the Editor.
It has been shown by persons enquiring of myself about the committee on Sunday evening, at the so-called spirit manifestations, that I am suspected of collusion, that I knew and helped the parties. On my honor (my sacred oath) I never knew any of the parties, never heard of them, neither did I know I was to be called out as one of the committee until I was called upon; and when I went on the stage I went for the people, as one of the audience, and went quite reluctantly. Mr. R. Wood was not in league any more than myself.

WM. HORNE.
P. S.—Mr. Royal Wood, not Guile, was the fourth person on the committee.

BROADHEAD.

—Mr. E. D. Breed, of Avon, is now enjoying a western trip through Iowa, Kansas, and Nebraska. We understand he is looking up a good location, with the intention of moving in the spring.

Mr. H. W. Decker has started a series of meetings at the "Lodge" church on the evening of the 31st of December. Mr. Decker is a fine speaker and we predict for him good congregations.

—Rev. G. W. Lincoln, of Broadhead, addressed the people of Avon and vicinity, on the 29th inst. Theme, "Faith vs. Light, which the better way to bring truth in effectual contact with the souls of men." The discourse was a fine one and listened to by a large and appreciative congregation.

—The Sunday school of Avon enjoyed their holidays by a sleigh ride to Broadhead, and after partaking of refreshments at that place came home feeling very much pleased by their trip.

—Mr. B. J. Taylor, of Avon township, has concluded to try village life during the winter months, and is now residing in Avon village, where he will be pleased to see any of his friends.

—We understand the Sons of Temperance at Orfordville, will soon present the drama, "Fruits of the Wine Cup," to the public. The play is a good one and if properly played will give good satisfaction.

Our Tenure of Life
Depends in great measure upon our regard for or neglect of the laws of health. If we violate them we cannot expect to "make old bones." But that the span of existence allotted to a naturally delicate constitution, or one which has been shaken by disease may be materially lengthened, is a fact of which we have daily proof. The vivifying and restorative influence of Hostetter's Stomach Bitters upon a failing physique affords a striking illustration of the power of judicious medication to strengthen the hold on life. Restored digestion, complete assimilation, renewed appetite, sound repose, these are among the benefits conferred upon the debilitated by that supreme renovator. With a circulation enriched, a frame invigorated, and a nervous system tranquilized, the invalid, after a course of the Bitters, feels that his life-tenure is no longer the precarious thing that it was—that he may yet enjoy a "green old age."
